INDIAN COUNCIL OF FOOD AND AGRICULTURE

Launches

ALL INDIA FARMERS' ALLIANCE (AIFA)

The voice of Indian farmer

September 8th, 2016, Hotel Taj Palace, New Delhi

www.icfa.org.in

Introduction

All India Farmer's Alliance is a forum that incorporates several grass root level farmer organizations, cooperatives, Farmer Producer Organizations (FPOs), Self Help Groups and other farmer bodies, under its aegis for a common cause of farmer's welfare. These groups sought to ameliorate poverty, poor profitability, low crop prices, farm debt and other farm crisis by educating and mobilizing farmers on these vital issues. The critical role of All India Farmer's Alliance is to engage in policy debate at state and national level with concerned agencies and stakeholders.

Vision

To bring together all local, state and national level farmer's organizations with the objective of developing a pro-farmer and pro-agriculture environment.

Mission

The mission is to represent and advocate on behalf of farmers in the national and international level policy discussions, which aims at their sustainable livelihood.

Objectives

1. To provide a common and credible voice to the farmers at national and international platforms.
2. To be a national platform for knowledge sharing, policy discussions and addressing the issues at all the levels leading to agricultural growth and prosperity.
3. To work for convergence and synergy of agriculture-related thematic areas such as natural resources, seeds, irrigation, energy and other agricultural inputs, agro-processing, commodity prices etc.
